

2024 HAROLD R. GORDON MEMORIAL AWARD

Description:

Harold R. Gordon is considered to be the father of the American health insurance industry. He was a visionary who sensed that some place between the property/casualty insurance and life insurance industry would emerge a distinct industry concerned with insuring the financial aspects of a person getting sick or hurt.

Harold Gordon was the first director of Health Insurance Association of America, which organized insurance companies to cooperate on matters of common interest. It was Harold Gordon who realized that agents too must organize for their common good. His vision and leadership resulted in the formation of the National Association of Benefits & Insurance Professionals (NABIP).

In memory of this great leader, NABIP annually awards the industry's greatest accolade, the Harold R. Gordon Memorial Award, which recognizes the recipient as the industry's Person of the Year.

The recipient of the award is selected by a special committee that carefully reviews persons nominated for contributions made above and beyond the call of duty without a goal of personal gain.
