**PURPOSE:** To ensure that NAHU's legislative positions remain relevant and appropriate to the legislative process as it evolves over time.

**POLICY:** NAHU's legislative positions should be regularly reviewed. These reviews should take place prior to the House of Delegates.

**PROCEDURES:** NAHU's Legislative Council will review NAHU's existing legislative positions as needed due to legislative changes. The Council's Vice Chair will be responsible for organization and delegation of the review to the various working groups and task forces of the Council.

Initial changes for any position paper will be recommended by the various task forces and working groups, reviewed and approved by the Legislative Council, sent to state presidents and state/legislative chairs for review, allowing at least 30 days for comment, and sent to the Board of Trustees for final approval no later than the December BOT meeting. If no changes are in order, Council will verify to the BOT at that time, in writing, that all policy statements and positions are correct.

**FINANCIAL IMPACT:** None
